### **Reporting Brief:**

To recommend that a Council decision made at the Special Council meeting on Monday, 20 June 2022 to increase the Dangerous Dog Registration fee to \$1,000 for the 2023/24 financial year, be reconsidered to keeping it at \$500 for the first year of a newly declared dog, but \$200 for successive years.

### **Proposal in Detail:**

#### Background

At the 30 May 2022 Council meeting, Council adopted its fees and charges for the 2022/23 financial year. Subsequently, it was identified that a proposed new fee of \$200 per annum for the registration of a declared dangerous dog had not been included in the Schedule.

A report was presented to Council at the 20 June 2022 Special Council meeting, recommending that the omitted fee be included. This recommendation was considered and amended by Council during the meeting to increase the fee to \$500 for the 2022/23 financial year, and then to \$1,000 for the 2023/24 and future financial years. The rationale for the increased fee was to discourage a proliferation of

dangerous dog breeds in the community and these were the fees that were resolved at this meeting.

Council currently has eight declared dangerous dogs registered. At the time these were declared, the owners made the decision and commitment to continue to care for these dogs, despite the restrictions and implications that the *Dog Control Act 2000* places on the dog and its owners. These restrictions include building an approved enclosure to house the dog whilst at home, ensuring the dog is wearing a muzzle at all times outside this enclosure, erecting approved signs at their residence and ensuring the dog is wearing a specific, approved collar at all times.

The owner of a dangerous dog is at risk of imprisonment or large fines if a dangerous dog attacks someone or causes threatening behaviours. Making the commitment to own a dangerous dog comes with not only a community safety responsibility, but a financial one too for the owner.

As stated in the previous report presented to Council regarding introducing the new fee, it is Council's responsibility to administer and monitor these requirements and ensure ongoing compliance with them. This requires regular spot checks, which uses more Council resources than dogs which are not dangerous dogs. However, increasing the fee to \$500 for the 2022/23 has placed significant financial pressure on those who have already made a financial commitment to care for their dogs. Increasing the fee to \$1000 per year from July 2023 would have financially crippling consequences.

Council does not usually allow for dog owners to enter into payment arrangements for the payment of their dog registrations, however for the 2022/23 financial year, due to financial hardship, Council had no option other than to allow current owners of declared dangerous dogs to pay off their registration in this way.

The original recommendation of the creation of the new dangerous dog registration fee of \$200 was already increasing the fee from the desexed dog fee of \$44 that they would have paid previously, at an increase of 355%. Raising it to \$500 was a 1036% increase and placed all eight owners under unexpected financial strain.

Council officers from the Public Compliance team contacted all eight owners of dangerous dogs within the municipality to alert/remind them to the proposed increase for next financial year, with all expressing deep concerns for such an increase, especially in the current financial climate. There were comments of more financial hardship and uncertainty of knowing how they would afford the registration fees, with fear that they would have their dogs taken from them or would have to have them euthanised if they couldn't.

Current owners of dogs that have been declared as dangerous and that reside in the Glenorchy municipality take their responsibilities seriously. Owners keep their dogs and the community safe whilst caring for them, Council have not had any compliance issues with these dogs or their owners.

### Proposal

To ensure that an increased fee is still effective and received for registrations of declared dangerous dogs due to the increased Council resources required to monitor them, and to continue to act somewhat as a deterrent, it is proposed that the \$500 fee continues to stand for newly declared dogs, for the first year of registration under this class. For subsequent years, this is proposed to reduce to \$200, which is still an increase on the fee that is charged for regular dogs but is of a reasonable amount for the owner to manage. This would also better reflect the cost of resourcing Council's responsibilities to administer the requirements for these dogs, as much of the work is in overseeing the initial setup phase of the enclosure and signage, with less frequent, ongoing checks in the following years.

### **Consultations:**

Acting General Manager  
Director Corporate Services  
Coordinator Public Compliance  
Animal Management Officers

### **Human Resource / Financial and Risk Management Implications:**

#### Financial

Having eight dangerous dogs currently registered in Glenorchy would effectively reduce Council's budgeted registration revenue for 2023/24 by \$6400, however this is budgeted revenue and not revenue that we have previously received. In real terms, from last financial year, we would see a decrease in revenue of \$2400, but an increase of \$1248 from the 2021/22 financial year.

#### Human resources

The increased fee helps offset the cost of resources required to oversee and monitor compliance matters that need to be addressed in the ownership of a dangerous dog.

Risk management

Risk Identification	Consequence	Likelihood	Rating	Risk Mitigation Treatment
<b>Adopt the recommendation</b>				
Small revenue loss.	Insignificant (C1)	Almost Certain (L5)	Medium	Continue the higher fee for the initial year for newly declared dogs to cover resourcing requirements.
Council seen to not deter ownership of dangerous dogs.	Insignificant (C1)	Likely (I2)	Low	Continue the higher fee for the initial year as deterrent.
<b>Do not adopt the recommendation</b>				
Council's reputation will take a hit, being seen as not understanding the community's current financial pressures.	Moderate (C3)	Almost Certain (L5)	High	Media/social media release explaining Council's reasoning.
Council being seen as wanting to euthanise declared dangerous dogs.	Moderate (C3)	Almost Certain (L5)	High	Media/social media release explaining Council's reasoning.

**Community Consultation and Public Relations Implications:**

Community consultation

This subject was initially raised as part of Council's review of the Glenorchy City Council Dog Management Policy, during the Targeted Reference Group (TRG) meetings held in both consultation stages of the project. The members of the TRG were in support of the introduction of the fee at the initial recommended amount of \$200.

More recently, as stated earlier in this report, Council officers from the Public Compliance team contacted all eight owners of dangerous dogs within the municipality to alert/remind them to the proposed increase for next financial year, with all expressing deep concerns for such an increase, especially in the current financial climate. There were comments of concern regarding the affordability of the registration fees, with fear that they would have their dogs taken from them or would have to have them euthanised if they couldn't.

Public relations

Due to the content of the discussions during the TRG meetings, the contact that Council has made with each of the current owners of declared dangerous dogs in Glenorchy and having the new fee in place for a year now, the reason for having the fee is accepted and understood. However, the amount of the fee is the contentious part of the debate, and in the current economic climate, high fees will most definitely put current dangerous dog owners under financial strain.

**Recommendation:**

That Council:

1. RESCIND Council decision 20 June 2022 to increase the Declared Dangerous Dog class registration to \$1,000 commencing 2023/24 financial year.
2. APPROVE the Registration Fee for the Declared Dangerous Dog class for initial registrations from the start of the 2023/24 financial year at \$500.
3. APPROVE the Registration Fee for Declared Dangerous Dog class of \$200 for the second and subsequent years of registration from the start of the 2023/24 financial year.

### Community Plan Reference:

Under the *City of Glenorchy Community Plan 2015 - 2040*, the Community has prioritised 'transparent and accountable government'.

### Strategic or Annual Plan Reference:

#### Open for Business

Objective We encourage responsible growth for our City

Strategy Maintain a progressive approach that encourages investment and jobs.

#### Leading our Community

Objective We are a leader and partner that acts with integrity and upholds our community's best interests.

Strategy Make informed decisions that are open and transparent and in the best interests of our community.

### Reporting Brief:

To present the Leasing and Licensing of Council Owned and Managed Properties Policy and the Event Management Policy for review and adoption.

### Proposal in Detail:

All policies adopted by Council are reviewed cyclically. The ordinary review period for Council policies is four (4) years after adoption. However, policies may be reviewed earlier if it is appropriate to do so, for example if there are changes to a relevant governing act.

### Leasing and Licensing of Council Owned and Managed Properties Policy

The Leasing and Licensing of Council Owned and Managed Properties Policy was adopted by Council at its meeting on 29 June 2020 and has been reviewed.

- Attachment 1 is a copy of the 2020 Policy with tracked changes, and
- Attachment 2 is a copy of the recommended updated Policy.

This policy sets out the Council's position to allocating its community properties and facilities to provide a consistent, equitable and transparent approach.

The changes to this policy include:

- the review period has been updated from annually to four years
- new formatting
- removing the Strategic Plan alignment section of the policy and future policies, as discussed and approved by Council's Executive Leadership Team
- clarifying the tenant is responsible for any required statutory approvals for their use or developments (e.g. planning, building or plumbing permits)
- clarifying that lease or licence terms longer than five-years are by exception and will only be offered when in the best interests of Council, and the requirements of section 178 of the Local Government Act 1993
- more consistent language throughout the policy.

It is recommended Council adopt the updated Leasing and Licensing of Council Owned and Managed Properties Policy.

### **Event Management Policy**

This policy was adopted by Council at its meeting on 15 February 2016 and has been reviewed.

- [Attachment 3](#) is a copy of the 2016 Policy with tracked changes, and
- [Attachment 4](#) is a copy of the recommended updated Policy.

This policy sets out Council's approach to permitting and licensing events within its jurisdiction, including events on Council land and mass outdoor public events not on Council land.

There have been minor changes to this policy including:

- removing the Strategic Plan alignment section of the policy and future policies, as discussed and approved by Council's Executive Leadership Team
- general formatting amendments.

It is recommended Council adopt the updated Event Management Policy.

Council officers

**Human Resource / Financial and Risk Management Implications:**

There are no material human resources or financial implications.

Risk management

Risk Identification	Consequence	Likelihood	Rating	Risk Mitigation Treatment
<p><b>Adopt the recommendation</b></p> <p>The policy does not represent any significant departure from established practices or statutory requirements. There is a chance that procedural difficulties may be identified once they are implemented, leading to operational inefficiencies.</p>	Minor	Unlikely	Low	Responsible officers continue to monitor compliance with policies and ensure that any amendments are made in a timely manner, as required.
<p><b>Do not adopt the recommendation</b></p> <p>Governance administration would be less optimal due to the presence of outdated and less effective policies.</p>	Minor	Likely	Medium	Council officers are instructed to review the policies and implement any changes requested by Council as soon as practicable.

**Community Consultation and Public Relations Implications:**

The Policy, when updated, will be published on Council’s website.

**Recommendation:**

That Council:

1. ADOPT the Leasing and Licensing of Council Owned and Managed Properties Policy in Attachment 2.
2. ADOPT the Event Management Policy in Attachment 4.

## 11. QUARTERLY REPORT - QUARTER 3 2022/23

---

Author: Executive Manager Stakeholder Engagement (David Ronaldson)  
 Manager Finance (Allan Wise)

Qualified Person: Acting General Manager (Emilio Reale)

ECM File Reference: Corporate Reporting

### Community Plan Reference:

#### Leading Our Community

We will be a progressive, positive community with strong council leadership, striving to make Our Community's Vision a reality.

### Strategic or Annual Plan Reference:

#### Leading Our Community

Objective	We responsibly manage our community's resources to deliver what matters most
Strategy	Deploy the Council's resources effectively to deliver value while being financially responsible.
Action	Develop and monitor Council's Budget, Long-term Financial Plan, Annual Plan and Annual Report

### Reporting Brief:

To present Council's Quarterly Report for the quarter ending 31 March 2023.

### Proposal in Detail:

The Quarterly Report for the period ending 31 March 2023 details Council's key strategic projects, core business activities, financial performance and forecasting and monitoring of Council's Annual Plan.

The Quarterly Report comprises the following:

- Glenorchy City Council Quarterly Report ([Attachment 1](#)), and
- Quarterly Annual Plan Progress Report ([Attachments 2 and 3](#)).

The purpose of the report is to assist Council in its strategic oversight of Council operations and of progress on implementation of the Council's Annual Plan.

A further benefit of this reporting is that it make the community more aware of Council's operations and activities for the period.

### Quarterly Report

The Quarterly Report ([Attachment 1](#)) contains a comprehensive summary of Council's performance over the first quarter of the financial year. The report consists of the:

- acting General Manager's summary of strategic and operational highlights
- Council's Quarterly Financial Performance Report
- reporting against Key Performance Indicators, and
- summary of Council's Risk Management profile.

### Annual Plan Progress

The Annual Plan Progress Report ([Attachment 2 and 3](#)) currently records the status and commentary of the 17 priority actions with indicators for the remaining Annual Plan actions, including 'business as usual' items.

Of note 15 of the 17 priority actions are on schedule with the remaining two (2) forecast to be completed within the financial year. Further, it is noted that a number of actions relating to Council's Economic Development function are behind due to resourcing reductions in this area.

### Financial Performance

#### Executive Summary

Council's operating result on 31 March 2023 is \$3.333m better than the budgeted position. The favourable variance is the combined result of \$1.686m more revenue than budgeted and \$1.647m less expenditure than budgeted.

The current 30 June year end forecast indicates the favourable operating result will be \$2.513 million, having been in the favourable range of \$1.024 million to \$3.333 million for the entire year.

#### Revenue

Year-to-date operational revenue is \$63.001 million compared to budgeted operational revenue of \$61.315 million. This represents a favourable result of \$1.686 million or 2.8% against budget.

Operating grants carried forward from last year contribute a fixed result of about one-third. Improved investment interest rates also contribute about one-third however this will continue to increase in value due to increasing interest rates. The remaining one-third represents general rates and user fees.

#### Expenditure

Year-to-date operational expenditure is \$46.528 million compared to budgeted expenditure of \$48.175 million. This represents a favourable result of \$1.647 million or 3.4% against budget.

Of particular note is the reduction in employee expenses compared to budget. This is the result of permanent savings achieved on 1 July 2022 and temporary savings generated by position vacancies from 1 July 2022. The number of position vacancies

has reduced substantially in recent months, as evidenced by only a small movement in the favourable result since last month.

### **Non-operating – Capital Grant Revenue**

Capital grants revenue is \$6.361 million against an annual budget of \$7.848 million.

As at the reporting date, this result includes \$1.7 million of unspent grants from the previous financial year carried over into the current financial year. In addition, a grant progress payment claim for \$2.944 million has recently been submitted in relation to the North Chigwell/KGV project.

### **Non-Operating – Net Gain/(Loss) on Disposal of Assets**

Disposal of assets currently records a gain of \$0.468 million against an annual budgeted loss of \$0.402 million.

Activities in this area are disposal of obsolete computer equipment, minor plant and vehicle changeovers. In addition, major land sales of 5A Taree Street and 3 Edgar Street have taken place. The sale price of all disposed assets is tempered by the expense in writing down the book value of those assets.

### **Non-Operating – Contributions Non-Monetary Assets**

An amount of \$2.214 million has been recognised against the annual budget of \$5.300m. Past practice has been to recognise these assets on 30 June. However, the practice has been changed to recognise these monthly as part of the asset reconciliation.

### **Capital Works**

Year-to-date Capital Works expenditure is \$11.853 million against a combined annual budget of \$30.486 million and a combined annual forecast spend of \$22.449 million. At the end of March, \$7.529 million has been expended on Council funded recurrent projects and \$4.324 million for Grant Funded / Major Projects.

Council's Capital Works program has an annual budget for this year of \$30.5 million. Council's normal body of capital works is progressing slightly behind schedule (81% compared to original forecasts), with a large portion of road reseal works to occur in the last quarter. The majority of all roads, footpath, bridge, stormwater and property renewal works that have been planned for this financial year will still be completed.

Council is undertaking a large program of grant funded major projects, which involves some major sporting facility redevelopments. The scope and size of these projects is a resource intensive process.

Council is continuing to experience delays in the supply of materials and contract services due to market constraints, increases in construction costs and the availability of contractors, due to a buoyant and heated construction market. Only 50% of expenditure has been recorded against original forecasts. The majority of these projects will be completed in the 2023/24 financial and have been budgeted accordingly.

### **Summary**

Further information on revenue, expenditure and capital works figures is provided in Attachment 1 to this report.

### **Consultations:**

Acting General Manager  
Executive Leadership Team  
Management Team  
Capital and Operational Budget Responsible Officers

### **Human Resource / Financial and Risk Management Implications:**

The Quarterly Report assists in Council's active risk management by monitoring and reporting on the progress of Annual Plan actions, major projects, key activities of Council and financial performance.

This enables Council to have oversight of the performance of the organisation, enabling informed decision-making and appropriate risk mitigation.

Given the report is for receiving and noting, there are no material risks in adopting the recommendations.

### **Community Consultation and Public Relations Implications:**

#### Community consultation

As this is a status report on the outputs and outcomes of Council services and activities, no community consultation was undertaken.

#### Public relations

There are no material public relations implications.

### **Recommendation:**

That Council:

1. RECEIVE and NOTE Council's Quarterly Report and Quarterly Annual Plan Progress Report for the quarter ending 31 March 2023.

### **Attachments/Annexures**

- 1 Glenorchy City Council Quarterly Report Q3

- 2 Quarterly Annual Plan Progress Report - Priority Actions
